# Animating Anime & MANGA

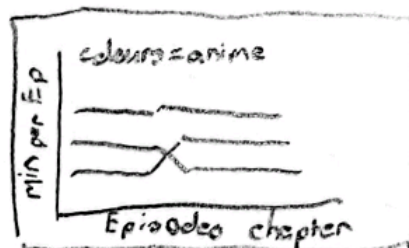

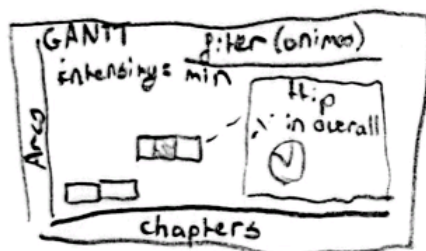

Operations:

Interactivity for 2-3  
& 4-5

• tooltips for all

• bubble can get area tooltip

Focus:

- Line chart could just be the ranking of min per ep could be min/pages to show speed of progression

Discussion:

- + Interesting layout that separates topics clearly
- maybe too weird
- maybe need subheading

Insight into Anime

Operations:

- Interactivity between 1-3 - 4
- tooltips for all

Chloropleth TitleDonut chart title

$D = \text{arc length}$   
chapter

CNT TYPE	
MV	
TV	
OVA	
CNT GENRE	

Focus:

- The bubble chart will be a super massive amount of bubbles to indicate trends in genre/production/etc
- a filter can be used

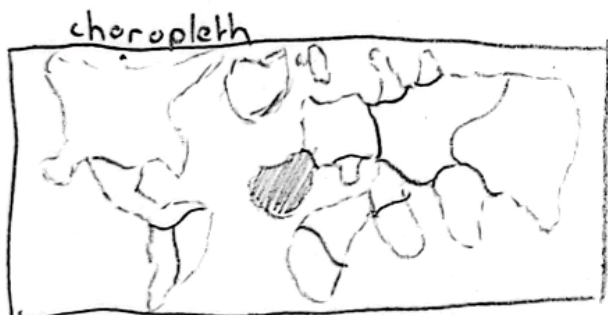

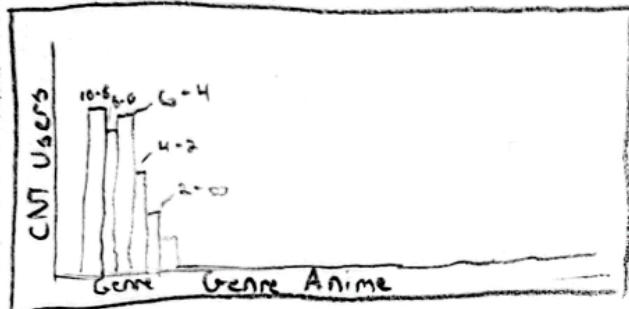

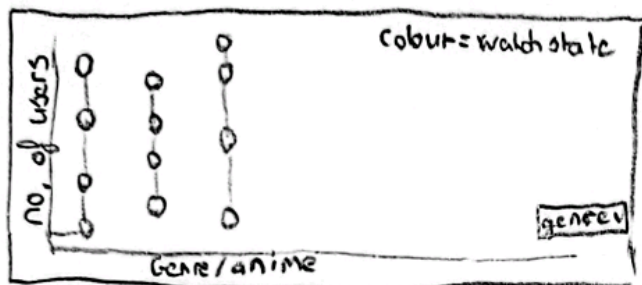

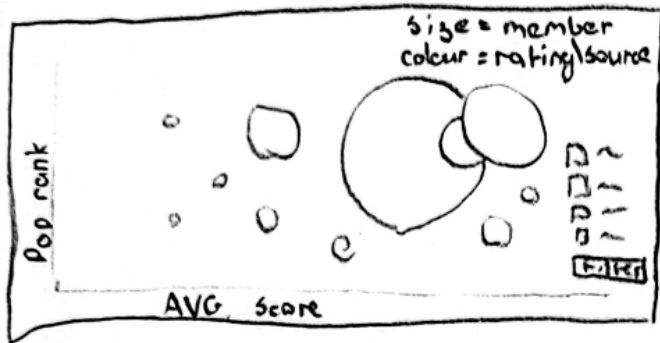

Discussion:

- + Creative layout which fits visualisations into a tight space
- too much text, headers needed

## LAYOUT

## Anime & manga data vis

### LAYOUT 3

## Operations

- checkbox filter
- slider filter
- Interactivity between first 3 graphs

## Focus/Zoom

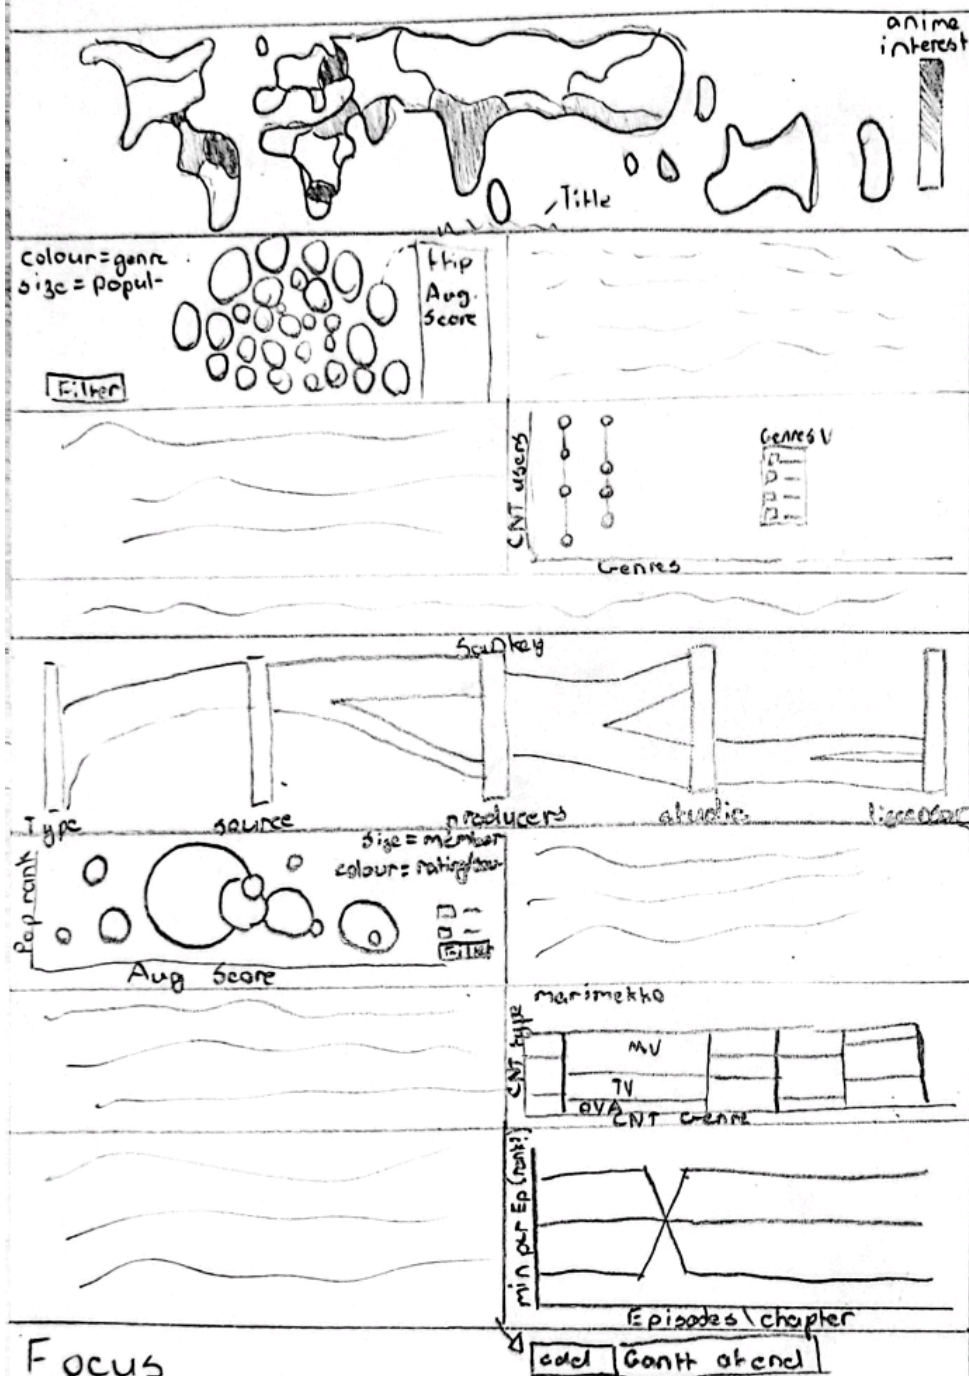

- In bar chart have clear colours for range of values

## Discussion

- A little boring and very long
